'This will become Dundee's largest restaurant and cafe', claims businessman

by Reporter [🕒](#) November 17, 2017, 6:00 am

Tayforth Properties Limited is looking to make a splash with its Water's Edge commercial office at Dundee's City Quay marina.

The new office suites, cafe and restaurant space have been seen as a catalyst to inspire, connect and energise.

The eye-catching branding will take pride of place at the new building by Camperdown Dock. Owned by games designers and business partners Chris van der Kuyl and Paddy Burns, the premises will be operated by Stewart Clark, managing director at Tayforth Properties Ltd.

Mr Clark said: "Creating the new generation of office space here at Water's Edge has been an exciting journey.

"Ultimately, this will become Dundee's largest restaurant and cafe, with inspiring views overlooking the water."
